Sign up for WebUntis

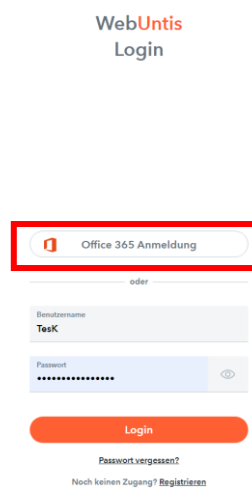

To view your timetable in WebUnits, you need to go to the website www.webuntis.com. This should then look like the page on the right.

First you must enter the school in our case "Schuldorf" and select the "Gesamtschule im Schuldorf" from the list. Please make sure that the school has the correct address, as seen in the picture on the right.

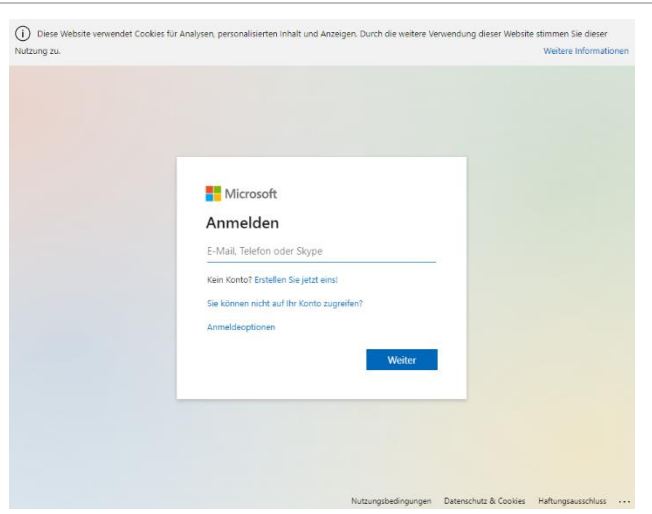

If you have selected the correct school, you will see the login page. Here you can choose "Office 365 Anmeldung"

Instructions for Registration and Use of WebUnits and UntisMobile

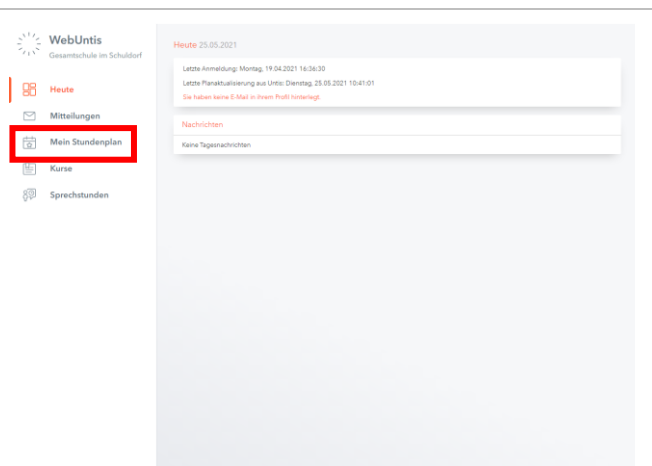

Now you should see the login screen for Office 365. Here you can enter the login details for your school account. The e-mail address consists of the first three letters of the first and last names. In addition, a number may be necessary.

example:
Ines Gehrmann
inegeh@schuldorf.de

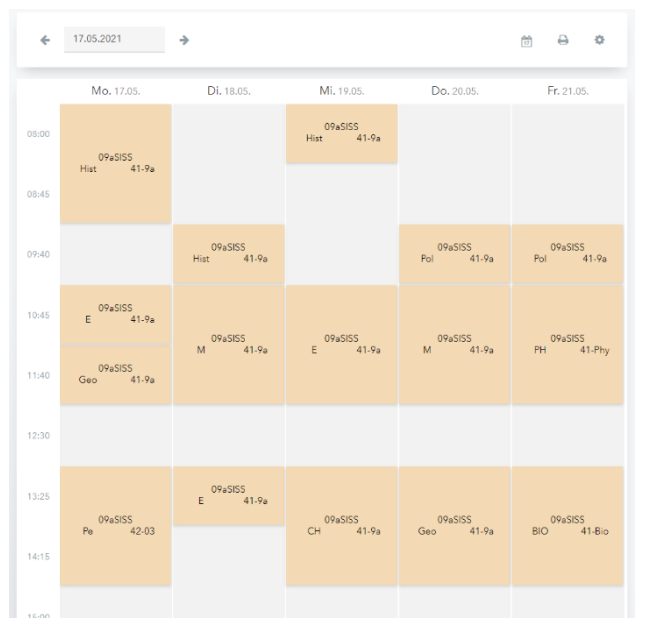

Using WebUntis

If you have successfully logged in, you will see an overview of your lessons for the current day. Under the menu item "Mein Stundenplan" you can view your timetable or that of your class.

Orange fields indicate regular lessons. If a field is colored grey, it is a lesson that will be canceled. If the field is purple, this means that this lesson has been changed and will be a substitution or in another room. If a field is bright yellow, an exam will take place at this hour.

Clicking on a lesson opens an overlay which you can find more information about the lesson.

Registration for courses

If you are registered with WebUntis and a course choice is currently taking place, you can display the selectable courses with the marked button.

Here, the courses can be filtered by subjects, course categories (basic course or performance course) and course modules (e.g. biology).

With the pen icon you can register for the selected course courses.

Here you can preregister for a course and, if you are already registered for the course, unsubscribe.

You can also specify a priority for the course selection for the course selection (1 - highest priority and 3 - lowest priority). Some courses do not require a priority.

Registration with UntiMobile

Alternatively, the timetable can also be conveniently accessed on your smartphone via UntisMobile. To do this, you first need the app for your smartphone. You can either scan the QR code or search for Untis Mobile in the Appstore.

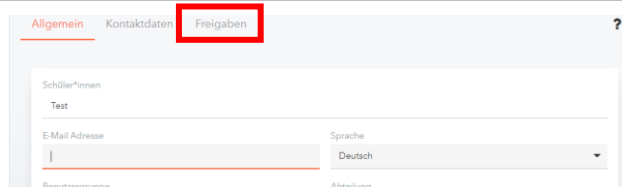

To sign into the app, you need additional access. However, you can generate this yourself at any time.

For this, please go to your profile after you have logged in to WebUntis.

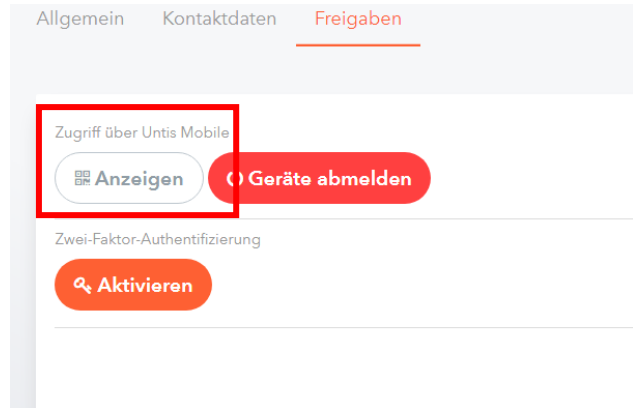

In your profile, you are now choosing „Freigaben“.

Instructions for using UntisMobile

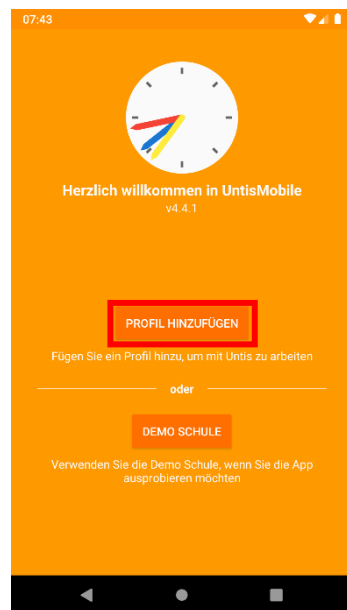

Here you select "Anzeigen" under "Zugriff Untis Mobile".

You will see a QR code.

Now that you have installed the app, you'll see the welcome screen first. Here you select "Add Profile".

Instructions for using UntisMobile

Now you will be asked to enter a school name. Instead, you click on "Scan QR Code" and scan the previously generated code.
