#### Youth Café Project:

Get started with the basics of the culinary arts and healthy cooking. Try out new recipes and develop further the concept of our Youth Café. (Y4 on)

Single Payment: 25 €

#### **Learning to Learn - Study skills:**

The Project "Learn to Learn" is an opportunity for students of every class to learn individual work- and learning techniques. They will be empowered to use them appropriately in different situations, so they can achieve their self-imposed learning targets; therefore they will consider their learning behavior and analyse their strengths. The courses will take place in relevant age groups with 5 to 10 students and will start as soon as possible and throughout the whole school year when the demand for a new group is high enough.
